NURUL HARISYAH BINTI ADZAMI
Kuala Ketil, Kedah | +60195428368 | harisyahadzami@gmail.com |linkedin.com/in/harisyahadzami

PERSONAL PROFILE

Bachelor of Science Honours in (Information Technology) undergraduate student majoring in Computer Networks, with a solid foundation in networking, systems administration, and IT infrastructure. Skilled in programming and technical problem-solving, with hands-on experience from projects and internships. Seeking a role as a Network Engineer, Network Administrator, System Developer, or related IT position. Fluent in Malay and English.

EDUCATION

Universiti Utara Malaysia, Sintok, Kedah **Oct 2022 – Apr 2026**
Bachelor of Science with Honours (Information Technology) |Major: Computer Network | CGPA: 3.5

Kolej Matrikulasi Kedah, Changlun **Oct 2020 – Jun 2022**
Major: Computer Science | Cgpa: 3.46

WORK EXPERIENCES

Internship, Hospital Baling **Oct 2025 – Apr 2026**

Networking

- Evaluated Hospital Baling's network infrastructure to improve efficiency, reliability, and security.

Web-Based e-Orientasi Staff Hospital Baling System| Laravel, PHP, MySQL

- Built a multi-role orientation platform for Staff, Penyelia (Supervisor), and Admin with role-based authentication and session handling.
- Implemented orientation tracking across 11 units, including slide-level progress, completion status, and certificate generation for staff.
- Developed supervisor verification workflow to validate staff orientation completion by department/unit.
- Created admin modules for user management (staff/supervisor), progress monitoring, reset/complete actions, and CSV export reporting.
- Built content management for orientation slides (upload, replace, delete, auto-renumber) to simplify operational updates without code changes.

Trainer (Software/System Developer) Koperasi Pakar Digital (CodeX) Kedah Berhad. **Oct 2024 – Sep 2025**

- Developed a Journal Digital Technology Expert Review (JDTER) Management System – secure access module enabling reviewers to view and manage their assigned manuscripts.
- Integrated direct manuscript download functionality for efficient file access.
- Implemented a structured evaluation submission system to streamline reviewer assessment workflows.

PROJECTS

Network Infrastructure Design of UUM (Group Project) | Cisco Packet Tracer

- Designed and simulated a secure network infrastructure for Universiti Utara Malaysia using Cisco Packet Tracer.
- **Tasks:** Zone planning, VLAN configuration, SNMP/MIB setup, and device security.

FitConsult – Web-Based Fitness Consultation Management System | PHP, MySQL

- Enabled authentication, and management of consultee information.
- Integrated BMI calculation and activity recommendation features to support personalized fitness planning.
- Developed an automated pricing calculation module based on consultation session duration to streamline cost estimation.

CERTIFICATES

- Program Pink October Peringkat Daerah Baling, Oct 2025
- Excel Basic: Master the Essentials in One Workshop, May 2025
- CCNAv7: Switching, Routing, and Wireless Essentials, Oct 2024

TECHNICAL SKILLS

Programming Language

- PHP, Java, JavaScript, HTML: Intermediate
- Python: Beginner

Tools

- InfinityFree, Visual Studio Code, Figma, draw.io, EdrawMax, Word, PowerPoint: Advanced
- Cisco Packet Tracer, Linux, Wireshark, Canva, CapCut, Excel, PhpStorm, WordPress: Intermediate

Framework

- Laravel, Ionic, Flask: Beginner

Database

- MySQL: Advanced

SOFT SKILLS

- Good communication skills, capable of conveying ideas and listening actively to foster collaboration.
- Adaptable to changing environments, remaining calm and solution-focused under pressure.
- Good problem-solving abilities, with a logical and analytical approach to overcoming challenges.

VOLUNTEERING AND ACTIVITIES

Level: **National, University**

Celoteh Murabbi: Dunia Di Tangan, Di Hati Jangan 2023, Career Handshake Programme with Caliph Academy 2022, Sukan Sihat (Ultras UUM) 2022, Sorak Sihat UUM 2022 and Usahawan Motivasi 2022

SEMINAR/TALK/WORKSHOP

- TalkGPT: How to Prompt, Jan 2024
- Speak Like a Leader, Jan 2023
- Invited Lecture Talk: Intelligent Agent System SOC, Jan 2023

AWARD

- Dean's List – Semester 5 & 6 (A241–A242), 2025
